

Northeast Region - Area 2 Camp Assessment Specialist Trainings

Four separate training programs will be offered to lead assessors and new or returning camp assessment specialists in 2017. These training programs will include updates on the **National Camp Accreditation Program (NCAP)** and a review of Camp Standards. Participants will either perform their council self-assessment of day/family camps, or sign-up to work with experienced lead assessors to review resident and specialty camps throughout Area 2.

With continued changes within NCAP and Camp Standards annual training is still required for participation as a Camp Assessment Specialist in 2017.

The cost of this training program includes a continental breakfast, a light lunch, program materials, and a Camp Assessment recognition item.
